Maybe I'll see you around this summer
if you ever get to some parties. But that's all
right, take your time + don't let anyone rush you
into anything. Be cool + take care.

Connie,
Well Mr. Polachnik's

better than St. John's.
I had a laugh! Mr. P's
class was really a joke
and we all paid so much attention
to our own ideas on all our projects
what can I say!
See ya over the summer

Dear Lab Partner,

Remember we were only suppose to add 30 ml and we added 130 ml. At the time(s) we always changed the labs for our use which would always chop out the last step. Or we would supply the numbers that we thought were correct. Or I could go on for many hours. If you remember just this to change for the situation you will always come out ahead. I will not tell you to reread the chemistry book so you will retain it for the rest of your daily life. Remember always add acid to water. Then you won't get any acid on you. Stay smart and study all summer. (Not really!) Enjoy the summer & behave.

Connie,

The year went by really fast and I'm glad you were a part of it. Homeroom wasn't bad but adv. math was the pits. I hate that man! You made it easier to get through. I'm glad we got to be friends. So have a great summer and

The right of John Marshall High School's students, faculty, and alumni to turn the pages and see Marshall's Freedom of

EVENTS

Since student life does not end in a classroom, Marshall High School's students, faculty, and alumni have the freedom to participate in a variety of events. Plays, assemblies, dances, senior pranks, and pep rallies all play an important part in a student's life.

FRIENDSHIPS RESUSCITATED

As the '75-'76 school year made its debut, the ordinarily boisterous halls were muffled by the uncertainties of opening day. New students, petrified by the school's enormity, staggered through the jungle of bodies, desperately searching for their classrooms as the more experienced Marshallites observed coolly, directing them to rooms such as 401.

September second was a day to resuscitate the friendships neglected during the brief vacation, reflect on and mourn the lost magic of summer, and look forward to the activities and rowdiness awaiting the daring in the upcoming bicentennial year.

BELOW: Grass grows in the cracks for students to observe as they mingle in front of door 4 on opening day.

SPIRIT WEEK LEADS WAY TO HOMECOMING

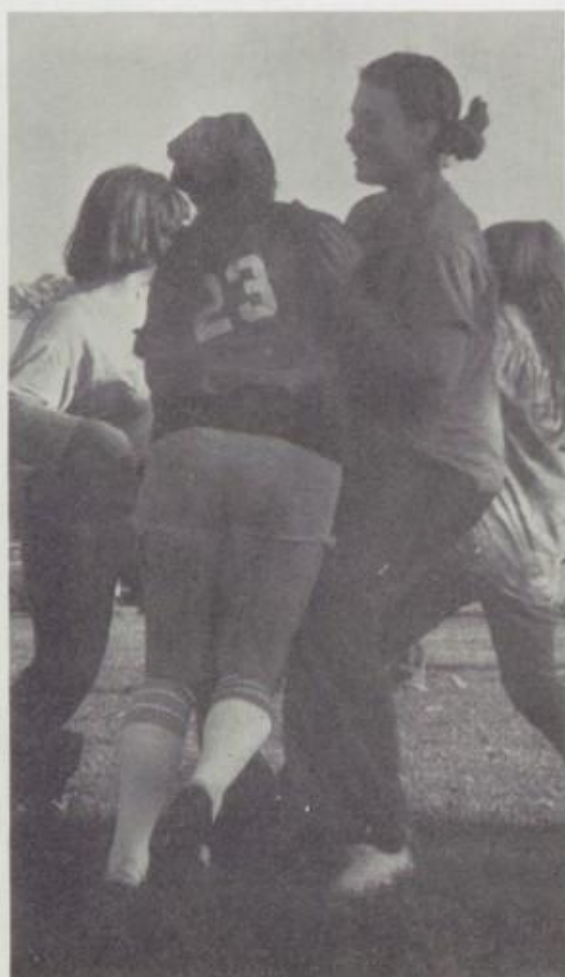

Delerium invaded Marshall during its first annual Spirit Week. A spaghetti eating contest and tricycle races were a few of the exciting activities which led to the Homecoming game. Seniors wore shorts and colorful socks, advertising "Washington Eat Our Shorts."

ABOVE: Seniors tug for a faculty downfall. **BELOW:** A powder puff football game was staged between two groups of senior girls on the lawn by door 4. Watch out guys, these girls are tough!

ABOVE: Scott Mortier teasingly chides Leo Gutt after their hilarious rendition of the Varsity "Hello" cheer. **BELOW:** What a relief! After devouring almost two gallons of sticky spaghetti the audience and Pep Club helpers roar their appreciation for a fantastic show of "Jaws" power. The contest was filmed as part of Channel 6's school coverage program.

Unlike past years, a week of spirit highlighted the days preceding Homecoming. This was shown by a spaghetti eating contest and a tricycle race, with participants from all grade levels. As a Senior prank, the Seniors were attired in shorts and crazy socks, and after school on October 16, a power puff football game was played by the Senior girls. The cheers were led by the D-team squad, which was made up of Senior boys. Another prank was the formation of a Kazoo Band, which met in front of the office and then proceeded through the halls. This was the first spirit week held, but because of its success, it will be continued next year. Spirit week was not only the pranks and contests, but also consisted of a pep rally, with the Senior Band and Drill Team per-

forming. There was also the first court Poka dance, which was held on stage after the introduction of the King and Queen.

No Homecoming is complete without the traditional football game and halftime ceremonies, which were completed with a special birthday song for Mr. George.

Homecoming '75 was a start of many firsts, among these were the serving of refreshments at the dance, the selling of Homecoming necklaces, and a first time seventh grade float. There was a lot of hard work done to make Homecoming a success and credit must go to Mrs. Clements, faculty chairman, Fil Clissa, band chairman, Sandy Schroeder, student chairman, and the many others.

Everyone's

a Star

Students arrived to school exhausted from weeks of preparation, but the rowdiness of Homecoming soon emerged from hibernation. "Hey, look us over . . ." could be heard for miles as enthusiastic Eagle fans marched their way to the game at Custer Stadium. Observers gaped in awe as the winning senior float strolled proudly by.

When darkness descended, hundreds of stars shone brilliantly in the cafeteria, as couples danced to the music of Spectrum.

Homecoming '75

STUDENTS SPOTLIGHTED

During the time of equality and liberation, what would be more appropriate than a woman president? Jodi St. John was that woman, elected senior class president, a first for the school. Jodi spent her time planning the various activities (often times crazy) associated with the senior class. Besides having been president for a year, she also headed the blood drive, was associate editor for the newspaper, played on the soccer team, and devotedly stayed after school in her junior year painting posters for the Pep Club.

In this world there are givers

and takers, doers and followers; to find a combination of any two is rare! Sandy Schroeder, who was better known as "Sparky" to her friends, because of her enthusiasm, was a person who knew how to give of herself in the many activities both in and out of school, and took advice to better these. Dance decorations and festivities fell into place under her watchful eye as did Homecoming of '75, Turn-A-Bout and Prom of '76. With so much work, you'd think she was too busy for much else, but Sandy also worked as Seniors Editor on the yearbook, P.A. announcer,

a member of the student council executive board, a favorite monitor to Mr. Fallon, and an active three year president of her Junior Achievement company.

SUPER HEROS DO SUPER CAPERS

The growling stomachs were quieted and the frayed nerves calmed by the personal attention and delicious cuisine provided by Mrs. Bernadene Phillips and the HERO club.

In Marshall's history, special occasions often lacked that ex-

tra flair which food and charming hostesses provide. Mrs. Phillips and the Home Economics Related Occupation club (HERO) have decided to change all of that. This year a special banquet was provided for famished athletes at

Thanksgiving, featuring the traditional turkey. Other activities which the HERO club promoted were coffee and doughnuts for teachers, bake sales, a luncheon for the faculty, and serving refreshments at Homecoming and Prom.

VISITORS WELCOMED

On October 28th, Marshall opened its doors to those in search of the true meaning of school. This truth was found not only through the educators, but also in the activities and clubs available for interested students.

Upon entering the gyms, many hearts began to beat with the rhythm of the talented drill team, or throb intensely as athletes performed. In the band rooms could be heard the melodious sounds of the instrumental groups, while art and industrial rooms overflowed with masterpieces. Course offerings in each department were displayed in imaginative ways, proving the night to be educational as well as enjoyable.

"SWEET LOVE OF MIME"

RIGHT: This is what someday could be the best store window mannequins! **BELOW:** William's Doll was a story about a little boy who, unlike most his age, played with dolls. It spoke to the audience about role playing in our lives.

The Wisconsin Mime Company was invited to perform at our school on a crisply brown and gold fall day. Coming far from their home base in Spring Green, Wisconsin, they anticipated a large audience of screaming teenagers, a group full of enthusiasm.

Mime is known as a silent form of drama. No words or scripts are ever needed unless for a background on the act to be shown. The actors need great body control, as every emotion and idea they express is through movements of the arms, legs or face muscles.

They were well received by giggles and laughter as each of their skits unfolded to express such life-like situations as a teenager's first love, and what was hoped to be shown; that freedom of expression doesn't necessarily depend upon words.

RIGHT: "A person needs great control of their muscles to be a good mimist." In this picture, our guests demonstrate how to hold a pose to a Humanities class. Under the direction of Mrs. Jafferis, the class studies art forms such as ballet, and classical music, besides hosting human relations exchange between different schools.

... AND THAT'S THE WAY IT WAS."

If reincarnation were a possibility, it happened on November 11 when Mr. Barczyk's first hour U.S. History class made a Bicentennial field trip to Chicago via Amtrack train.

When interviewed, Geoff Benson, 12, said, "It started off as a joke, but the teacher liked the idea." The trip was different because both teacher and students dressed up to represent their favorite historical character.

Jan Jesowshek, 11, stated, "People were really interested in what we were doing! They asked questions and there was a lot of coverage." Jeanne Marquardt, also a Junior, said that in her opinion, "People were rude and made jokes about Halloween being over." Also that day, the groups toured the Mercantile Exchange, the Sears Tower and the Museum of Science and Industry.

PROGRAM GIVES ABC'S AND A SONG

"This year's Thanksgiving program was one of the best ever presented! The audience really listened to Mr. Givens and the applause he received at the end was fantastic." Such was the response to Mr. Hoyt Givens' November 26th speech entitled, "Your Twentieth Century ABC's for the Days

Ahead". Mr. Givens is public relations supervisor for the Wisconsin Telephone Company and a respected citizen in Milwaukee. Vocal Ensemble gave a musical selection to set the mood, a special favorite was Mary Tyson's solo in "Won't Last a Day Without You", directed by Mrs. Marieb.

OUR TOWN

John Marshall High School paid a visit to Grover's Corners, New Hampshire on November 14th and 15th, the scene of the play *Our Town* by Thornton Wilder. Viewers needed to utilize their imaginations, as the play, put together by Mr. Bielenberg, had few props. Two ladders and tables represented the homes of next door neighbors George Gibbs (played by Tom Kaul) and Emily Webb (Barb Marciniak). The two teenagers fell in love, and were wed after a few years' romance. After Emily died in childbirth, the scene was transferred to that of a graveyard. The white-faced inhabitants of the tombs were shown sitting in chairs, side by side, as a clammy feeling swept over the audience. Once Emily returned from reliving her twelfth birthday, she realized an important aspect of life — live your life to the fullest, for there is no returning after death.

In early December, a month after the play was presented, playwright Thornton Wilder passed away to look back on his own life.

STUDENTS AND FACULTY BUMP

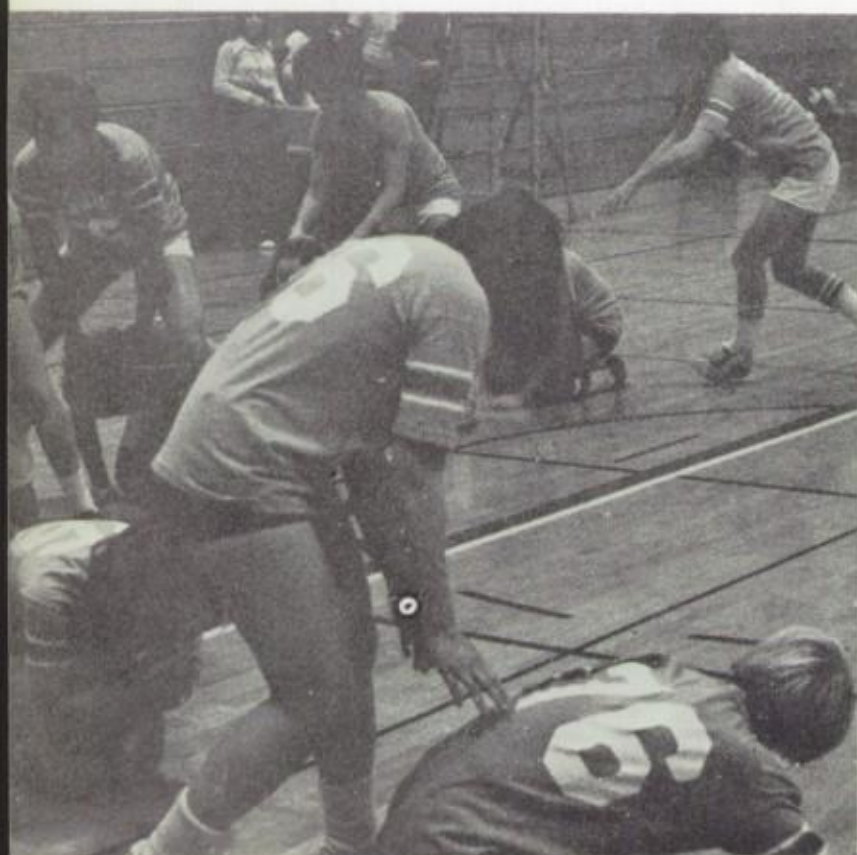

On November 21st, in the senior gyms, the class of '76 proved to the faculty and spectators what doing the bump was all about. The all-star cast of seniors slaughtered the faculty team two out of three volleyball matches, displaying their ability while having a good time. Approximately one hundred and nine dollars was raised for the student council scholarship fund. Those interested in witnessing the feat were admitted for thirty-five cents, a small price for the enjoyment derived.

MARSHALLITES SHOW LOVE

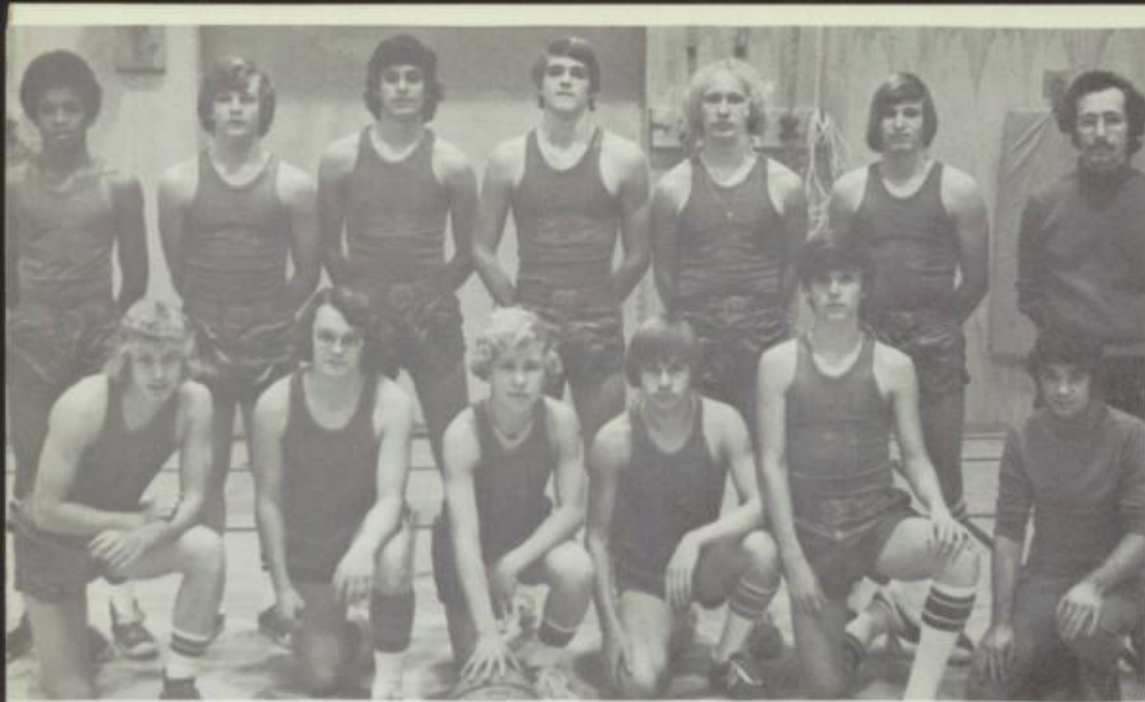

A total of 140 pints of blood were given for others' lives on December 12, 1975 in the fifth annual blood drive here at school. Under the advice of Miss Joy Wittchow were co-chairpersons Jodi St. John, 12, and Beth Schumacher, 11, whose preparations included an auditorium program which discussed donating procedures and removed any doubts from misinformed minds. Also, representatives went to junior and senior homerooms to explain the program and pass out registration slips to those interested. Marshall was the first public school in the city to hold such a program.

THREE CHEERS FOR THE SILENT MINORITY

ABOVE: Tom Wille studies for one of his courses. **BELOW:** Interested students participate in a U.S. History class.

The Deaf Department, headed by Miss Chrysoula Mathis, has expanded its program with the addition of new teachers Mr. Cliff Rieger, and Ms. JoAnn Corrao. Extra activities for deaf students were also introduced. Among these were a basketball team, coached by Mr. Dennis Arn, and cheerleaders for these games, supervised by Mrs. Sue Young.

The basketball team played its games at Marshall and at St. John's School for the Deaf. Practices were held either before school, or during lunch. Cheerleaders practices were also held before school.

Mr. Alby "talks" to his class.

LET YOUR FINGERS DO THE TALKING . . .

A new Sign Language course, taught by Mrs. Ruth Slavata, was introduced to Marshall. It was for hearing students who wished to communicate with the deaf. Although reasons for taking the course were varied, the main purpose was to be able to relate to another minority. Margaret Ricci, 12, stated, "I thought it would be interesting, and I plan to go into Special Education."

Many students felt the signs were not too difficult to learn, if practice was kept up. The students learned the signs, among other ways, through interviewing deaf students, and sitting in on deaf students classes.

The sign for "interested" is being demonstrated by Mrs. Slavata.

Mrs. Barbara Nevers accompanied the performers at the concert.

HOLIDAYS CARRIED A JOYOUS TUNE

On Thursday, December 19th, the annual holiday program was held in the auditorium during second and third hour. Mr. Beduhn directed the senior girls' chorus in "Has Anybody Seen Christmas", "Spread Joy", and "It's Christmas".

With Mrs. Nevers' piano accompaniment, the concert choir sang "Deck the Hall". They also carolled "Fanfare for a Festival", a spiritual, and a medley of songs to get the viewers in the Christmas spirit.

John Danko, 11, orated a speech for the occasion.

VAN MOVES TRAINING ONWARD

This year students had the opportunity to use the Milwaukee Public Schools' new traveling business education van. The van was here during September and October and then moved on to different high schools around the city.

Instructed by Miss Carol Wegner, students were given the chance to learn how to use several different types of data processing machines. Since many students are seeking careers in business, the van helped meet their needs by expanding their opportunities to explore expensive data processing hardware.

NOON HOUR ROCKS, BUMPS AND SWISHES

To end the bore of routine lunch hours, the Noon Hour Recreation Program went into effect on March 5, 1976. The Human Relations Club, under chairman Jill Jasper, 11, organized the procedures for both lunch hours. Monday was designated for an activity program for grades 10, 11, and 12, to be held in the senior gym. The junior high students were able to participate in the action on Wednesdays, in the junior gym. The activities included basketball, volleyball, and badminton.

On Fridays the excitement switched to the wrestling room, where for ten cents, students could kick off their shoes and promenade to the records and tapes they supplied. All profits went to the Human Relations Club.

JUNIOR HIGH PERFORMS

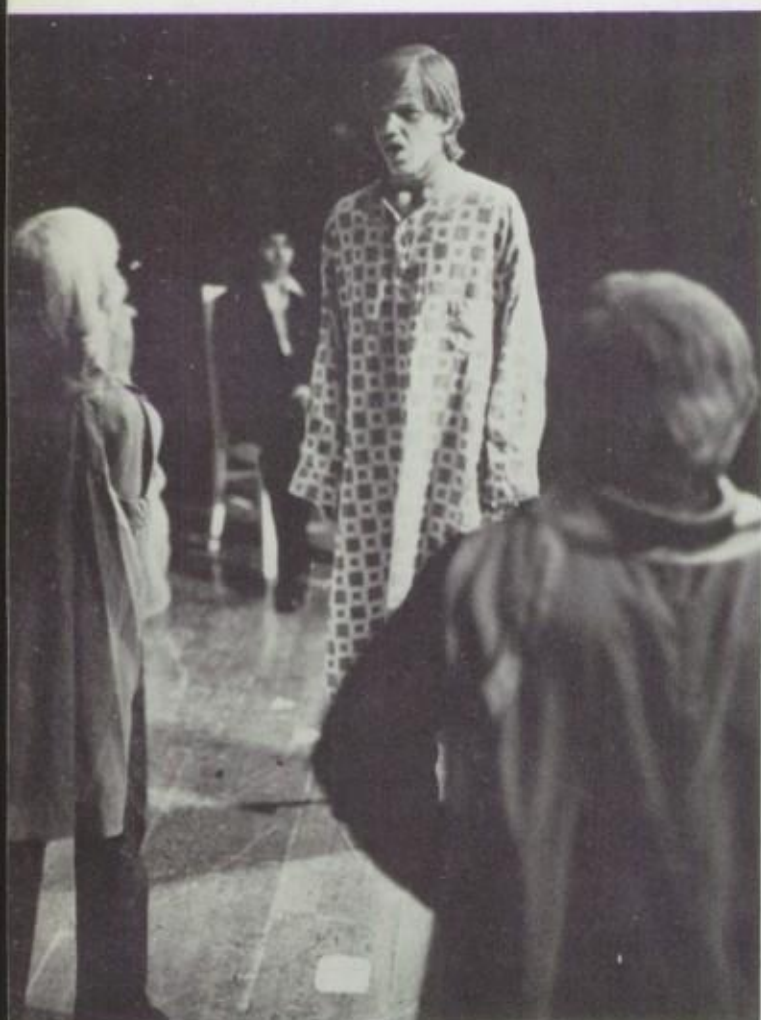

ABOVE: Cabel Stone's family awaited his death.

The humorous death of an old, cruel man was presented by the Jr. High players of John Marshall on January 16th, under the supervision of Mr. Bruce Guenthner. The play was "Cabel Stone's Death Watch." In the wee hours, Cabel's family was called to his bedside where they wondered how much money the old goat was going to leave each one of them. Greed, along with many accusations against each other was brought out by the invisible devils Freddie, Jim, and Harpo who had come to take the poor old soul of Cabel Stone to its final resting place.

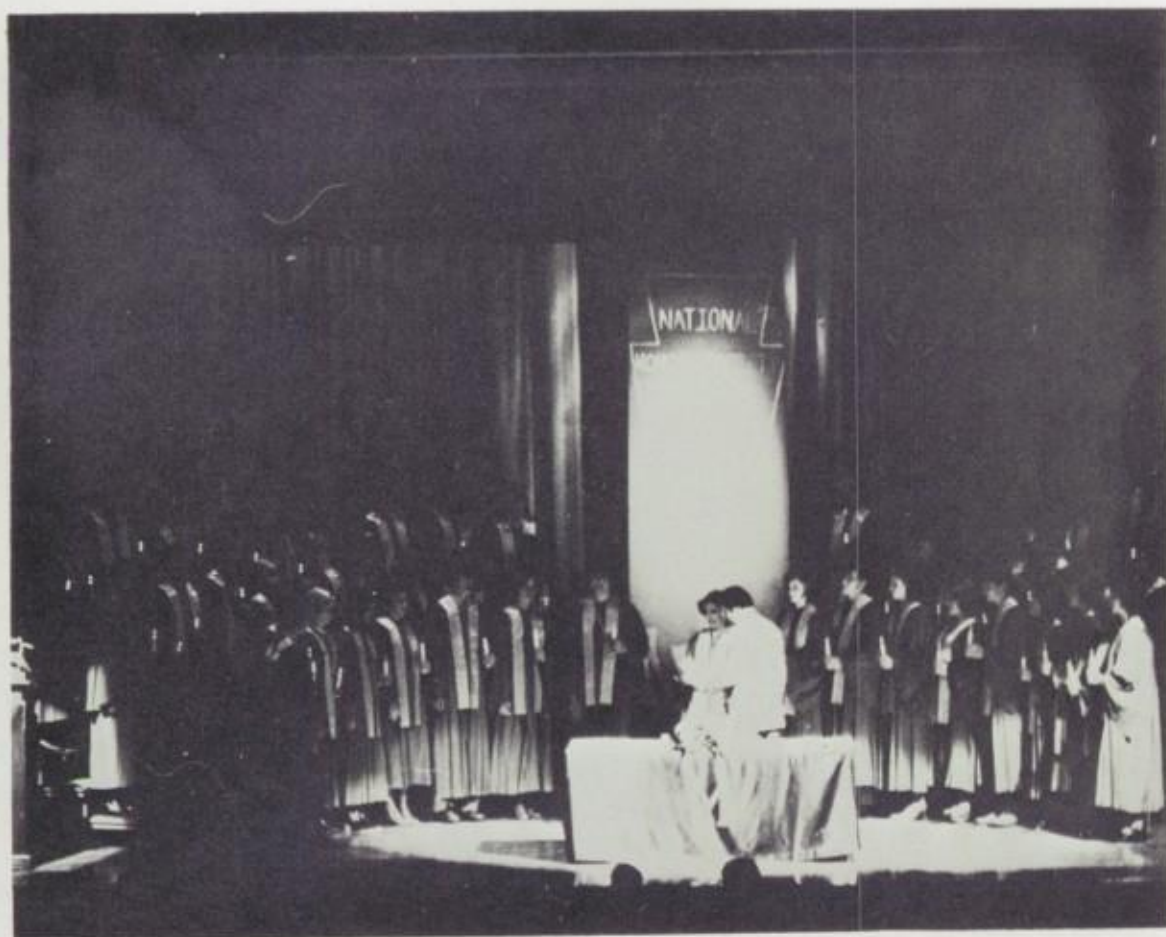

Anyone who didn't happen to see the play missed an excellent production, an amusing night, and a grand performance by the Jr. High Players.

58 RECEIVE TOP HONOR AWARDS

Outstanding seniors were inducted into the National Honor Society in an auditorium ceremony on January 14, 1976. In order to be eligible for membership, the students had to maintain a scholastic average of 3.5 in grades 9-12, and have a record of participation in school services and sports. In addition to the recognition, students in this society have opportunities to receive scholarships. Usually two members are nominated for national competition. This year's nominees were Steven Weinshel and Jodi St. John, chosen for their character and leadership ability. Also sworn in this year was Tom Wille, the first deaf student to receive this privilege. National Honor Society was founded in 1921 and has over seven million members.

CUPID STRIKES YOUNG HEARTS

This year's court consisted of Seniors, Queen Carla Gosh and King Mario Rinaldi, Juniors, Jill Jesowshek and Mark Biasi and Sophomores, Colleen Schmidler and Ed Alt.

Members of the Decoration Committee putting up the final touches were **BELOW:** Dave, Bohnsack, chrm. Sandy Schroeder, Chris DeVorse and Eugene Polze, **RIGHT:** Mary Laughlin and Bill Hain. **BELOW RIGHT:** Mary Cummings.

With "I Love You" as its theme, Turnabout '76 was held on a day universally remembered by lovers. Hearts and cupids, emblazoned with sixteen different languages in which love could be expressed, completed the Valentine's Day setting, and jeans were temporarily laid aside to make way for diaphanous gowns and fashionable suits. This year's crowd of 174 couples proved to be one of the largest in six years and was entertained by White Soul, a blues-soul combo which kept everyone on their toes. Adding the final touch of flair was our own HERO club, whose energetic members served punch and hors d'oeuvres during the evening and kept appetites satisfied until it was time to leave. Our thanks to Sandy Schroeder and Filomena Clissa, their committees of hard-working students and to those who participated in a tradition we never hope to lose.

SENIORS SLAVE THROUGH A SECOND CHILDHOOD

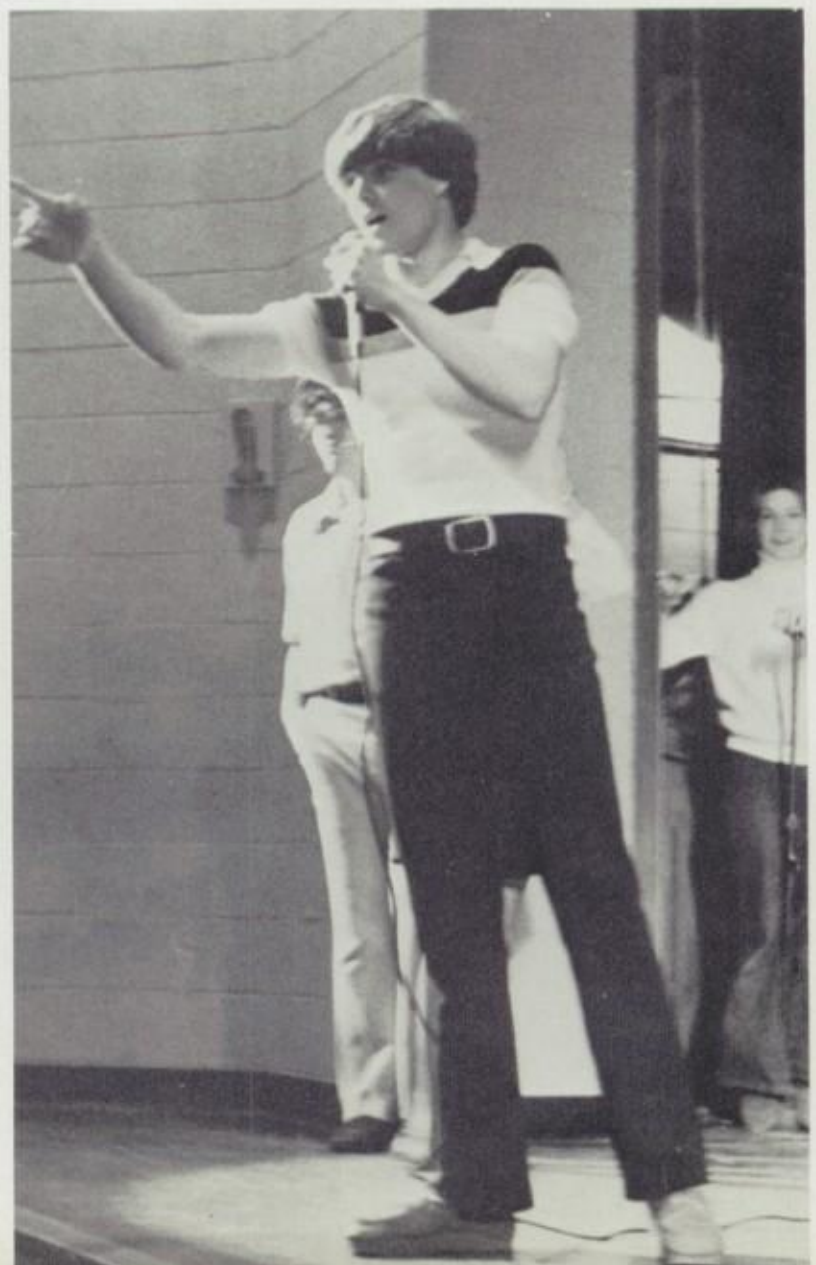

Approximately fifty-five seniors gathered in the auditorium April 1st to be sold as slaves to a hungry mob of underclassmen. Traditionally held every year as a fund raising event, this sale gave non-seniors a chance to "get back" at anyone they had a hard time with during the year. It put senior supremacy out of order for a day. At 3:30, auctioneers, Maurice Pitskofsky and John Erickson began the bargaining session which had the highest bid of eight dollars for Cathy Farrell and the next highest going for our spirited administrator, Mr. Jankowski. Senior Class Treasurer Sue Hermann reported that 134 dollars were raised.

ABOVE: Bill Hain contemplated his artist's career for one in "Junior" oriented fashions. BELOW: Auctioneer John Erickson used his bargaining skills to sell to eager buyers.

ABOVE: Some of our more outgoing seniors underwent the embarrassment and fun of a full day of a second childhood, during which many unusual costumes and actions were seen. Look out world, here they come!

"We may never pass this way again" was the theme for the 1976 Prom which was held on June 5th. In the beautifully decorated cafeteria, couples gathered under huge canopies surrounded by bouquets of flowers to listen and dance to the rock music provided by Cork.

BELOW: George Barnes eyes his master Larry Totsky suspiciously.

After 2000 years, Plautus' characters were still able to evoke laughter with their slightly naughty dialogue. Miss Elaine Steiger's Latin classes presented Plautus' play, "The Brothers Manechmus" to a most receptive audience.

LEFT: Larry Totsky ponders over the enticing advances of slave girl Karen Wick as she seeks to gain possession of the sparkling new gown which in fact belonged to her mistress.

BELOW: Righteous indignation caused Andi Neils to give Dan Kanitz, her husband, an impromptu shower from a nearby birdbath. Along with becoming a candidate for pneumonia, he was thrown out of the house until he returned the missing gown.

OFFICE ED. IS A COMMON BOND

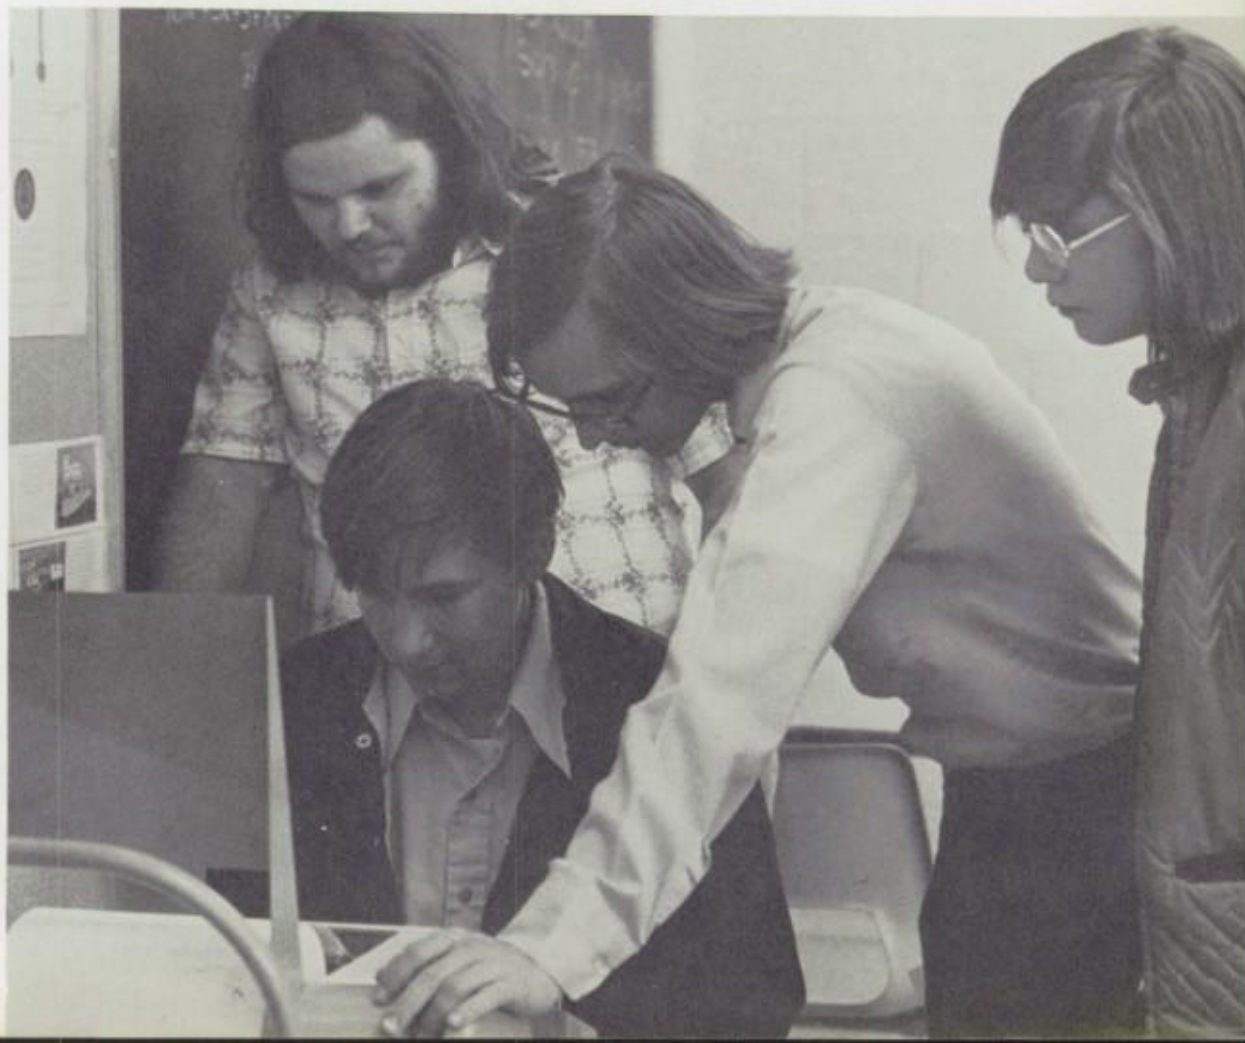

ABOVE: Gayle Wilson, Sue Julian, Sue Simko, Kathy Hazi and Kathy Glocke absorb themselves in perfecting their speed typing in O.E. class.

Cindy Degenhardt, JoAnn Koeckenberg and Kim Groseclose all have different personalities and lives, but they all share one thing in common: Office Education, or O.E. as these girls called it. Taught by Mr. Grillo and Mr. Steele, this course puts students in an office or business atmosphere while giving them experience in using basic secretarial skills and business etiquette. For the second half of the day, each person reports to their job, which has been found for them by the class advisors. For example, Cindy Degenhardt works at a large bank in downtown Milwaukee. She loves her job and may be interested in a career dealing with legal aid. JoAnn is a medical receptionist at a private northside clinic, and finds herself under the same restrictions as a doctor in not divulging personal information about a patient. Kim Groseclose works at a collections agency — those places that call about your bills! She answered phones, often to find angry customers on the other end. Said Kim, "You've got to stay calm and listen; usually they calm down in a while." For experience in dealing with our business like everyday world, O.E. is an ideal place to seek a beginning!

MACHINE MANIACS "DE-BUG" MARSHALL

Are computers slowly taking over our world? There are so many ordinary jobs that can be done by man which eventually are outdone by computers and machinery! Some people, though inexperienced in complex programs, will tell you that simple computers are easy to understand and fun to use. Aaron and Paul Sigmund are two such people who felt that "Mr. Villasenor's classes usually made learning fun." Students enrolled in this course learned the history and basics of computer programming and did "everything from playing poker to carrying Pi to 240 places" on the terminals. Mr. Villasenor has given his students a wide variety of field trips to choose from including some very informative tours at the larger computer terminals in Milwaukee for those who were interested in this field as a future vocation. This class needs kids with serious interests because as Kevin O'Brien, Senior, says, "Some kids think Computer Concepts is just a place to play games, but it isn't. This was one of the most unique and fun mathematics course offered at school!"

BELOW: Mike Rekoske and friends Jay Alper, "Brain" O'Brien, and Miriam Reindl "de-bug" a program after school in the terminal room.

A WEEK OF REMINISCENCE

BELOW: "Nostalgia Week" was an everyday thing for Pat Bunting.

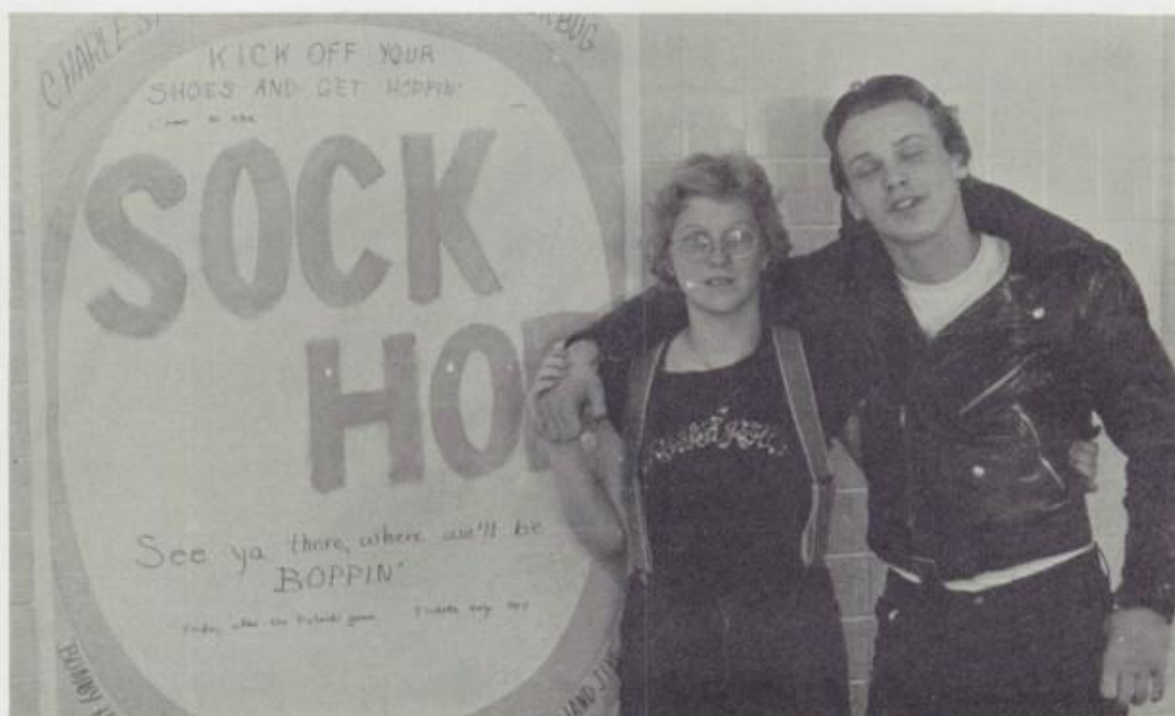

During the week of January 26-30, Marshall relived the 20's through to the 60's during Nostalgia Week. Each morning the announcements contained trivia depicting the decade being honored. On Tuesday, 30's day, Senior Gwen Davis won the bubble gum blowing contest and Junior Veronica Neff reigned as hula hooping queen during the events that took place after school in the auditorium, with Gino Salomone as emcee.

On Thursday, 60's day, Seniors Jeff Friedrich, Scott Bergner, Tom Jones, and Jim

Myers took first place in the wheelbarrel race. Junior Linda Struckmeyer and Seniors Scot Mortier and John Adams pushed a piece of coal around the cafeteria to win in that escapade.

Friday was 50's day, and many students came to school dressed for the occasion. Long skirts, bulky sweaters, and greased-back hair invaded the halls during the day, and students hopped to 50's music in the gym at night. A disc jockey from WZUU was on hand to host the Sock Hop, which was a nifty end to an exciting week.

Although a slight tragedy had occurred on the Monday before opening night, this year's musical "Hello Dolly" went on to become a great success. Dave Miller, the male lead, injured his foot during a dress rehearsal, and to the shock of every ticket holder and member of the cast, returned to school the next day on crutches. But handicapped or not, "the show must go on," so Dave and Dolly, played by Sophomore Pam Benson, performed at their best on Friday, March 26, and Saturday, March 27. It was nice to see Dave back where he belonged — on his feet — to save the musical.

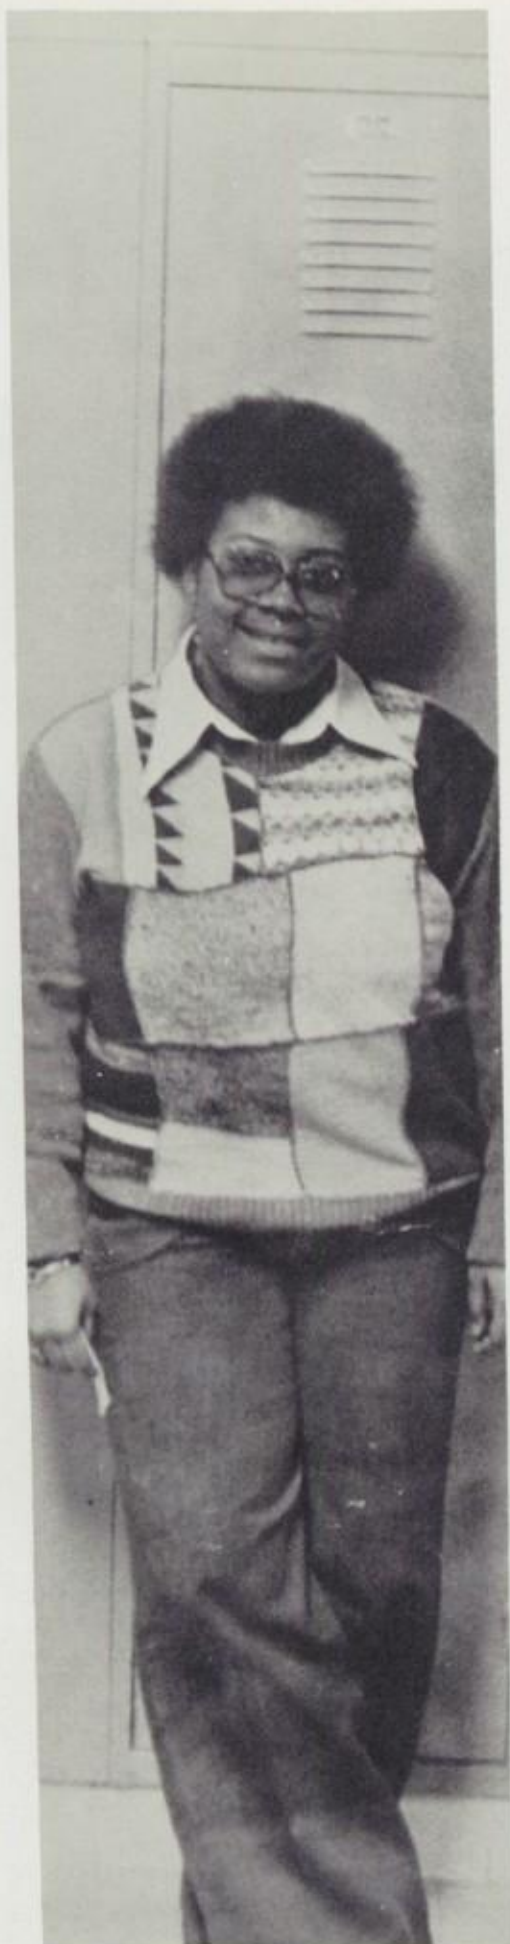

For the first year at Marshall, a professional choreographer, Rozanne Campbell, was on hand to aid Mr. Robert Beduhn and Mr. Bruce Guenther in the production. The pit orchestra, featuring Mrs. Barbara Nevers on the piano, the Concert Choir, and Stage, Make-Up and Costume Crew were also commended of an excellent performance.

FADS WERE FASHIONABLE

ABOVE LEFT: Waffle stompers or earth shoes "kept on truckin'" in common sight. **LOWER LEFT:** Shorter lengths of hair went to greater lengths of neatness and style. **CENTER:** Sally Kolf unknowingly gives a put together picture with her sleek haircut, mid-length dress, and shoulder bag. **RIGHT:** Jane O'Hara exhibits her fashionable dress and wedgies as Sandy Schroeder proudly displays her platform shoes.

ABOVE: John Adams needed to be comfortable in his job as a busy bookstore monitor. **BELOW:** A well coordinated outfit was Gwen Davis' style; she liked matching her neckchains to them!

The year 1976 proved to be one of comfortable individuality in the way students wore their clothing. With so much emphasis on nostalgia, skirt hems fell to the knee and matching sweater sets were accented by casually tied neck scarves. Guys took off on a dressier look by adopting the silky California shirt and masculine neck chains. Not forgotten were the classic worn-out jeans, often patched or embroidered in creative designs and colors, and topped with "deco art" tee shirts. Hair-styles ran from smooth, short cuts all the way to longer, layered looks, of which most were kept neat and clean.

Some of the most popular things to talk about were varied from the sensational "Jaws" to the more controversial desegregation program in Milwaukee. Teens took an avid interest in mood jewelry, disco dancing, martial arts, dating traditions and going steady, the abortion issue, and senior plans for the future.

MODERN SWIMMERS SPLASH WITH MYTHICAL GODS

A group of shivering wet swimmers posed anxiously behind the thin blue curtain which separated them from the still applauding audience outside. They had just finished in two minutes what took several weeks to create; a musically synchronized swimming story. The tension and laughter put into practices had all been worth it! This year's show was more of a cultural experience than anything else previously tried. Mythology, or "Greek fairy tales" as one girl named them, tried to make people more aware of the ancient world's ties to today.

May 13, 14, and 15, 1976,

were the evenings on which Catalina Club presented "A Splash With The Mystical Gods." Seniors Lynn Unrath, president, Stacie Sawicki, vice president, and Junior Debbie Elmer, secretary, teamed together to organize the board of directors who wrote the 14 numbers of the program. Also with the help of a club member, Andi Neils, the girls were able to portray accurately characters such as Pandora, Apollo, and Neptune, king of the sea. Many thanks went to Miss Sally McLevitch for her support and friendship during the year of 1976 with the Catalina swimmers.

'76 — A YEAR REMEMBERED WELL

The senior class of '76 lived up to the expectations of all — they came alive in spirit. The graduating class gave Marshall a fresh, lively personality through their many vivacious activities. By performing imaginative stunts and setting new trends for their underclassmen, the seniors left unremovable impressions, allowing themselves to leave the school assured that the "Spirit of '76" would roam Marshall forever.

STUDENTS

Student life plays an important part in the journey to adulthood. A student can get involved in the process of high school by utilizing the freedoms offered to them. They learn to grow and become better citizens.

CLASS OF '76

ABOVE: Sr. Class Officers — Cathy Farrell(Tres.), Jodi St. John(Pres.), Mario Rinaldi(Sgt. At Arms), Eriks Veldre(V.Pres.), Sue Hermann(Sec.).

A year of changes was met head on by the Sr. Class of '76. They were shaken out of comfortable niches and familiar routines. Yet, they offered opinions and ideas to make the changes better for all, the importance of which soon became clear; The class wished to be remembered as one that strove and achieved. Their achievements were sought for and reached in sports, dramatics, committees, clubs and the arts. Through the various activities the faculty and students united. As adults ready to face their future the Bicentennial Class of 1976 will always carry the memory of their years at John Marshall, for they wouldn't have missed it for the world.

History of the Liberty Bell

AMONG THE FAMOUS bells of the world, not one has been associated with events of so great import to humanity as the Liberty Bell. The original Liberty Bell was ordered for the new State House of Pennsylvania, in 1751, and was to be cast with the following words:

"By order of the Assembly of the Province of Pennsylvania for the State House in the City of Philadelphia, 1752."

Underneath this was to read:

"Proclaim Liberty throughout all the land unto all the inhabitants thereof."

—Lev. XXV, 10.

This was the new Province Bell, later to be known as the Liberty Bell, and was cast by Thomas Lister, of Whitechapel, London, and it arrived in Philadelphia in August 1752. It was hung up on trusses in the State House yard, from a scaffold (Independence Square) to try out its sound before raising to the tower. Early in September, it was cracked by a stroke of the clapper during a test and without any other violence. Following this, it was recast by Paul & Stow, two ingenious workmen of Philadelphia.

On June 7, 1753, it was raised and fixed in the State House Scroop. In recasting, the original English model was broken up and the same metal was used, with the addition of an ounce and one-half of American copper in the pour to make the old metal less brittle. The same form and lettering were preserved with the substitution of the names of the founders, the place and year of recasting.

The Liberty Bell was used in Philadelphia by Paul & Stow, twice, a fact which is little known. It was hung, this time permanently, in the Scroop of Independence Hall, where it remained in use until 1846. On this date, it was moved to the Declaration Chamber in Independence Hall. It remained there, first placed on public exhibition as a relic in the Declaration Chamber in Independence Hall. It remained there until 1876, when it was placed on its old walnut frame in the tower hallway. Following this, it was moved several times in the building, and in 1915 it was located in a position where the public might have the opportunity to see it, a privilege constantly sought by visitors.

The Liberty Bell is much larger than generally supposed. Its measurements follow:

Circumference around the lip	12 feet
Circumference around the crown	7 ft. 6 in.
Lip to the crown	3 feet
Height over the crown	2 ft. 3 in.
Thickness at lip	5 inches
Thickness at crown	15 1/4 inches
Weight	2,080 lbs.
Length of clapper	3 ft. 2 in.

When the Liberty Bell rang, July 8, 1776, to proclaim the Declaration of Independence, it hung in a black walnut frame.

From this date on, the relic continued to record the events of the Revolution, and thereafter until 1835, for then it was cracked again during the falling upon the death of Chief Justice John Marshall. It has been left in that state since.

What made the Liberty Bell crack? The answer to this is purely a metallurgical one, and the defects date from the day of its casting.

The Liberty Bell has been removed from Independence Hall on ten occasions, ranging from September 18, 1777, when British army was about to occupy the City of Philadelphia, until October 10, 1917, for a street parade in honoring the sale of the first Liberty Loan.

This bell, except for the crack, is an exact duplicate of the original Liberty Bell. It was commissioned by Wisconsin Memorial Park in hopes of reawakening the spirit of liberty and patriotism and giving Americans an opportunity to hear how the original bell sounded when it rang out to proclaim the Declaration of Independence. The bell will continue on its pilgrimage through 1876, after which it will go on permanent exhibit at Wisconsin Memorial Park, in the "Court of Liberty."

Connie,
 Well the year
 was fun you going
 out with Ron wow
 it must have been a
 blast! Then JP oh no
 and Kenny well thats the
 way it goes. Connie you know
 you really should slow down
 I mean with all your laughs
 and things, (somebody might
 think you are out of it!) we
 use to have some pretty good
 times always running up
 to Petroff's and also Bud's
 fruit market (we mustn't forget
 that place, for thats where it
 really happened!) Remember
 getting my house by Rich
 and then, as always
 being followed around
 by motorcycles
 you believe
 mess

It seems I have just begun to learn,
And now my high school days are over.
So much living, so much learning,
And so many people have passed my way,
Each giving me a part of themselves;
Letting me see myself and grow.
How could it be possible? Just yesterday,
I was a freshman, ready to defy the world.
Now I am leaving, and looking back as I go
On all of the experiences, bad and good.
The tests, the homework, the long hours when
Friday wouldn't come sooner.
The familiar smiles in the halls, the achievements,
Students and teachers I've grown to love.
How can I leave my old friends?
I smile to myself, "I've put in my time.
I'm free!" But the smile is sad, too.
Too sad to take one last look,
And, being free, I leave to look toward the future.

go 1st
marquette
dance. I
mean it
is a must
well I
guess I
could
be able on
more to
a baller
but I would
not want to
take that little
away from
you. Good
luck in the
future in
all ways
Love &
friends
always
Julie

Advisor Mr. Thomas Marx was always present 7th hour with his large entourage of editors, staff, and photographers. All were desperately rushing to meet their upcoming deadlines. Editor-in-chief Barb Ausloos and Managing Editor Sue Lux helped make it a success. The staff, in many long hours of hard work, designed a memorable yearbook for this Bicentennial year.

Marshall students had the opportunity to express themselves through several different publications.

This year's newspaper staff, headed by Co-editors-in-chief Jane O'Hara and Mario Rinaldi, has proven Marshall's newspaper one of the best school papers in the city. Under the direction of Mr. Towle, the reporters and staff met daily 7th hour to interview students for unusual stories, make the layouts for the paper and surprise many people with the zany photographs found in every edition. It was not uncommon to find the whole staff working long hours to be on time for every bi-weekly deadline. The supreme newspaper was made a success by all the dedicated efforts put forth by the 1975-76 Gavel Newspaper Staff.

Chrysalis was another example of Marshall's artistic spirit.

Now in its fourth year of publication, it is edited twice each year under the direction of Mrs. Sally Gunerman. All students were invited to submit poetry, prose, photographs and artwork for publication. Names were removed from the material submitted and assigned a code number. After reviewing the work, the staff voted to determine which materials would be printed. Their creative work made Chrysalis one of the best literary magazines in the city.

The Business Staff, under the advisorship of Mr. Fred Winter, was another crew of hardworking girls. With the indispensable leadership of Business Manager Barbara Boehme, the staff handled much of the behind-the-scenes work conducting subscription drives and distribution of the Gavel Annual, Gavel Newspaper, and other publications.

DEMOCRACY PURSUED

STUDENT COUNCIL OFFICERS — Dale Blank, Joanne Prekop, Jean Bachman, Linda Struckmeyer.

The Student Council, under the direction of Miss Mrvosh, had a most democratic year. President Dale Blank tried to break the popular image of Council Representatives. To counteract this situation, a new plan of action was taken up and carried out. For the first time, nonelected students were allowed to attend meetings. Thus, the entire student body had a chance to be equally represented.

The Student Council was especially proud of its gift of two Bicentennial flags for the main doors as this was the first gift ever given by the Council to the school.

The Publicity and Promotions Club, under the direction of Mr. Arthur Kazmierczak, had the task of publicizing upcoming events. They met after school to assign members to draw posters and make announcements on the P.A. Highlights of the year were a field trip to the First Wisconsin along with a visit to its Publicity and Promotions Department.

Another group specializing in publicizing was the morning announcers, supervised by Mrs. Sylvia Jafferis. This group livened homeroom period, waking up the students with the famous bell and the Pledge of Alligiance.

Lost? Confused? Wandering around the building not knowing where you are going? Ask a Marshallette. You can find a Marshallette doing her job ushering at plays, musicals, National Honor Society and College Night. They are always on hand to act as guides to the new students at Orientation Day, and to the parents on Parent-Teacher Conference Day and Parent Orientation Day. Becoming a Marshallette isn't easy. To become one, you must know where everything in the school is, and be able to give a tour of any given part of the school. You also must have a B average and be recommended by three teachers.

Pep club met before school to work on its magnificent pep rallies and attractive posters,

helping to stimulate school spirit in students. Highlights of this year were the spaghetti dinner hosted by the Pep club and a dinner for the basketball players. Baby pictures of the starting basketball line-up were a first this year and added to their lively pep rallies, arousing the student's interest in their school.

To be eligible for the Math Club, one must be enrolled in a math course and keep a B aver-

There are about 900 chapters in the United States and once a year they meet in a national math contest.

Mr. Wanzerski and Mr. Steurmer were the advisors for the Jr. High and Sr. High Math Teams. Teams of eight students each, from schools all over the city met three times this year and engaged in both individual and team tests in math. Marshall provided excellent competition for the other schools. In order to be on a team, a student needed his teacher's recommendation and had to show an interest in math. Students were very enthusiastic about joining, resulting in an outstanding turn out for the teams.

Mr. Mantsch, the coach, comments, "There were many encouraging signs of a stronger and better team in the spring. The girls showed good team spirit."

Interested in learning about another country, its customs, and just having some fun? Then there's a club for you at John Marshall, rather three clubs, German Club, Latin Club, and Spanish Club.

German Club was involved in many activities this year. Among them were bowling and banqueting. One of their money raising projects was selling imported candy from Germany, allowing other Marshall students to also get a taste of Germany. Helping to organize these activities was the German Club president, Monica Edelmann. Mrs. Evelyn Taus acted as the club's advisor. The club met once a week after school in room 136.

The Latin Club, under the leadership of president Jeff Friederich, was also involved in various projects. Among these were a traditional Latin banquet and a play presented to the student body. They, too, sold candy bars and sponsored bake

sales making more than \$900 which they contributed to charity. Miss Steiger and Mr. Schissler were the advisors for the Latin Club.

Spanish Club, a little late in getting together this year, consisted of those students inter-

ested in the culture of Spain. Although many of the members of the foreign language clubs are enrolled in a foreign language class, it is not one of the requirements. The only thing needed is the desire for a little after school fun.

The Office Education Club is comprised of students who are interested in seeking a career in the business field. The club was made up mostly of students who were on a work/study program. The students attended school for half a day, and spent part time on-the-job. They received school credit and salary while taking part in this program. The morning class was

advised by Mr. Richard Steele and the afternoon class by Mr. Jerry Grillo.

The students participated in O.E. competitions between high schools, and attended city and state wide conventions. During Christmas, Office Education Club raised money selling candles to sponsor a Christmas dinner, and donated clothing and food to needy people.

Connie,
 THIS YEAR I met you, but I didn't
 run my year any way. All I'll remember
 about you is how you always copied
 my papers in chemistry. And try to
 remember don't scratch people in the
 face. But really Connie, you were
 really great + a sweet person.

I hope you in some of my
 classes next year. TAKE CARE +
 have a good winter

Connie,
 I guess the year finally
 ended and our great lunchroom
 gossip (and laughing) will be ending
 until next year. All that talk about
 Jack, Johnny, Bill, Jack, Bob-ops, Mark, Rick etc...
 I guess this school year was miiiiiiiice (here)
 all never forget that talk about "who's got
 the projects" and ending up doing them yourself,
 but that's normal, and how about the night
 we almost froze our fingers off trying to get
 into the basketball hall - where it all ended up
 getting tickets. I guess all see you this summer,
 But until then
 Be good
 Lynn (L.A.)

Connie,
 I've been
 nice being
 locker partners,
 gym partners, I'm
 glad we always teamed
 especially in basketball. We
 were a great team considering we
 were a good luck with Johnny and
 everything you do. Bless
 in anything you do. Bless
 or get me in
 or fix me
 up with
 some strange
 that picture

Connie,
 you have so many
 nicknames, I can't even
 begin to count them. But
 I'll just throw in a CC
 for good measure. You learned
 their experience that you
 aren't the shy quiet girl I
 thought you were. With
 all those boyfriends! You
 always really liked them too.
 Especially that Big T which of
 course stands for Johnny. I wish
 shown me what new things
 this year like the art of
 being Jim Paul, waddling
 and the best way of doing
 projects. Dude! What fun
 or those field trips! (I
 those confers you brought
 were something else.
 This summer we
 ought to do some
 of those things
 we've been planning
 this year.
 Remember if
 you're tempted
 to get me in
 or fix me
 up with
 some strange
 that picture

Connie,
 I met you at
 Linda's party and
 when you turned up in
 my English class. I'm
 really glad I met you and
 got to know you better. Maybe
 next year you'll be in some of
 my classes. Have a fun summer.
 Love
 Nancy Butera

Connie,
 I'm really glad
 that you got to know me
 this year. I hope you
 will have a good summer and
 stay healthy.
 Love
 Nancy Butera
